Topological Sorting

Design of High Performance Computing Project
ETH Zürich, HS2015

Kevin Wallimann   Johannes Baum   Matthias Untergassmair

November 29, 2015

We can already start putting some theory parts in the report right now, so it's easier later to get everything together. . .
Formatting comes later.

Blablabla

This will not be in final report

we can put derivations and remarks here
